PROFILE

this year, I managed to maintain a 3.6 GPA, while working on a new different project . I make many projects in the last 3 years of college. I tend to be teamwork oriented and reliable, as I 've never missed a deadline. I'm also proud of my ability to preserve and overcome any challenges as they come up. I love reading and writing, so I think both programs are going to be interesting and relevant to my interests.

SKILLS

HTML , HTML5	JavaScript	Angular 16
CSS , CSS3	AJAX	Angular JS
Bootstrap	ES6+	TypeScript
Responsive Web Design	JQUERY	standalone projects

WORK EXPERIENCE

Al Ahli Bank of Kuwait   **Aug 2023 - Sept 2023**

Business Internship

our primary responsibility would be to assist customers with their banking inquiries, such as account balance inquiries, transaction details, and general banking information. You would be required to provide accurate and timely responses to customer queries, either in person, over the phone, or through digital channels.

Three Dos   **Mar 2023 - Oct 2023**

Web Design Council

we would actively engage in the activities organized by Three Dos. This may include attending meetings, brainstorming sessions, and workshops, as well as contributing ideas and suggestions to enhance the organization's work. You would collaborate with other members to plan and execute events and initiatives that align with the goals of the activity.
